

Martin Andrieux

Education

- 2016–2019 **Baccalaureate**, *Lycée de l'Europe*, Dunkerque, 16,0
General S option SI.
- 2019–2021 **Preparatory class**, *Lycée Pierre Corneille*, Rouen
MPSI then MP* computer science option.
- 2021–2022 **Computer Science License**, *École normale supérieure*, Rennes
- L3 Internship Two months internship in the CASH team in Lyon. Under the supervision of Gabriel Radanne and Ludovic Henrio. *Safe Abstractions for Multicore OCaml*.
- 2022–2023 **Master's degree in Computer Science**, *École normale supérieure*, Rennes
- 2022–2023 **Research Project**, *Skeletal Semantics of Python*, under the direction of Alan Schmitt, Inria team EPICURE, Rennes.
<https://gitlab.inria.fr/skeletons/pyskel>
- M1 Internship Two months internship under the supervision of Dariusz Biernacki, Wrocław, Poland. *Automating the Functional Correspondance between Evaluators and Abstract Machines in Skel*.
- 2023–2024 **Computer Science Agrégation**, *Competitive exam prepared at ENS*, Rennes
- 2023–2024 **M2 (Teaching)**, *École Normale Supérieure*, Rennes
- 2024–2025 **M2 (Research) Computer Science**, *École Normale Supérieure*, Rennes
- M2 Internship Five months internship under the supervision of Alan Schmitt, Epicure, Rennes. *Monadic Abstract Machines*.

Teaching

- 2022 Introduction to the lambda calculus in primary school
- 2024–now Préparation à l'agrégation in M2
- 2026–now Programs, specifications and proofs (Why3) in L3

Other Skills

- Programming Haskell, OCaml, Python, L^AT_EX, C/C++, Git
- French Native Language
- English B2

Non-scientific Abilities

- Hobbies Music (drums), Sport climbing, Road cycling, Hiking
- 2023–now Lead route setter for a climbing club (Two 3-week projects per year)

46D Cours de la Vilaine, Cesson-Sévigné – 35510
